How can I get started with it and start earning?

After you have signed up to become an Avangate affiliate and your application has been approved, you can log in to the Affiliates Control Panel and decide which software products you want to promote in order to send requests to software vendors so they activate you as an affiliate and set your commission.

Immediately after you have been activated as an affiliate by a vendor, you can start adding product links on your website. Links are automatically generated with your embedded affiliate ID. All you need to do is copy-paste.

When a visitor accesses a link or a banner from your web site, Avangate keeps track of your Affiliate ID, for up to 180 calendar days, so if a visitor places an order within this time period through your web site, or even directly from the vendor's web page, you get your commission.

When a visitor accesses a link or a banner from your web site, Avangate keeps track of your Affiliate ID, for up to 180 calendar days, so if a visitor places an order within this time period through your web site, or even directly from the vendor's web page, you get your commission.

What is The Role Of Affiliate Network Like Avangate in this whole setting

Avangate Provides a Link Between a publisher and advertisers to allow publishers the ability to Find and Join Affiliate Programs

All you need to do is put links and banners on your blog/websites/digital resource which are relevant to your chosen subject .The Links and Banners all have tracking codes so if they are clicked on and purchases are made later on you will get the commission

The Payout/Commission Structure Offered By Technocom

Technocom Offer Different Commission per sale varying according to the category of the sale item .It can vary from 20% to 25% and we can increase further if you give good sales.
